How to Navigate the UC Davis Economics Department Website:

Step by Step Guide

- Using your browser of choice, search “UC Davis Economics” or (https://economics.ucdavis.edu/)
- The first page to come up will be “Discover Economics …” as shown below (Figure 1)
- On the UCD Economics page, you’ll find the row icon which will present you with a dropdown menu of different pages from “Undergraduate” to “Research” (Figure 2)
  - Under “Courses” you may find tentative schedules and course topics
  - Under the “People” tab, you’ll find faculty contact information and topics of research

By hovering your mouse over “Undergraduate” you will find another dropdown menu containing links to many popular and useful resources for students (Figure 3)
- Two of the most common of these links are “Opportunities in Economics” and “Advising”
  - In the “Opportunities in Economics” tab, you can find resources from research to internships below (Figure 4)
- In the “Advising” tab, you can find answers to Frequently Asked Questions, Transfer EAP Courses, and Preparation for Grad School (Figure 5)

- Hovering your mouse over “Transfer and EAP…” (Figure 5) you will see another drop down menu (Figure 6) which presents you Study Abroad options and course equivalencies and credits among numerous universities in California, the U.S., and internationally
- In addition to these resources, you may also find information on the majors (Figure 2) from “Undergraduate” > “Why Study Economics”
  - This new drop down menu will provide information on what you can do with your economics degree and the different specialization tracks (Figure 7)
